SALEM SOON  
TO HAVE NEW  
MOVIE HOUSE

Strand Theater Nearing Com-  
pletion and Will Be Opened  
in the Near Future.

SALEM, July 1.—The new Strand  
moving picture theater, G. C. Broad-  
water proprietor, is nearing comple-  
tion. The new seats arrived this  
week and are being installed. The  
opening performance will be given at  
an early date, possibly some time next  
week. This new amusement place is  
located on Main street, and is an  
ideal room with a seating capacity  
of about 500. An ample stage has  
been erected at the rear with neces-  
sary dressing rooms and the house is  
equipped for theatrical and vaude-  
ville performances as well as moving  
pictures. The equipment is modern  
in every way. Some of the best pro-

Funeral services were held yester-  
day for Arthur H. Clarke, who passed  
away at his home in Chevy Chase this  
week. Mr. Clarke spent most of his  
life in West Virginia, where for many  
years he was a successful school  
teacher. For the past fifteen years  
he has been connected with the treas-  
ury department in Washington. He  
was the only son of the late Captain  
Leonard Clarke, who lost his life in  
one of the last battles of the Civil  
war. Mr. Clarke is survived by his  
widow, who was formerly Miss Mar-  
garet Hood, of West Virginia; four  
daughters and one son. Interment  
was at Bethesda cemetery, near Rock-  
ville, Md.

The war department has submitted  
supplemental estimates to Congress  
calling for an appropriation of \$15-  
000,000 for army and national guard  
air service. It is asked that the money  
be made immediately available in or-  
der that the work of equipping na-  
tional guard units with air craft may  
begin without delay. The estimates  
show an increase of \$12,000,000 over  
senate figures previously fixed, and  
\$14,000,000 over the House plan. The  
increase being due to a signal corps  
plan to outfit at once twelve national  
guard aeroplane squadrons, one to  
each tactical division. According to  
these plans each squadron would have  
thirty-six scouting and battle air-craft,  
in addition to its motor truck and mo-

tor cycle equipment.

Dr. Francis Sorrell is critically  
ill at his apartment in the Brighton  
in this city, and little hopes are held  
for his recovery. Dr. Sorrell, who is  
said to be the oldest living alumnus  
of Princeton, and for many years a  
surgeon in the United States army,  
will be well remembered by scores of  
West Virginians residing in the south-  
eastern part of the state. He was a  
surgeon during the Mexican war of  
1848 and was physician to General U.  
S. Grant. After the Civil war he went to Roan-  
oke, Va., and was well and favorably  
known as an active practitioner in  
that section for many years. He has  
resided in Washington for the past  
two years.

Advises received in Washington to-  
day from New York where the "steering  
committee" of the Republican na-  
tional committee has been in confer-  
ence indicate that Nathan B. Scott,  
former United States senator from  
West Virginia, may be chosen national  
committeeman for the District of Col-  
umbia. Senator Scott has been the  
president of the Continental Trust  
Company, of this city, since making  
his home here, and has always taken  
an active and interested part in the  
civil discussions and movements. He  
has long been identified with cam-  
paign affairs of the Republican party  
and represented West Virginia in the  
national committee of 1908.

Congressman Littlepage has also  
secured the establishment of a new  
postoffice which will be located at  
Epperley, Raleigh county. Albert K.  
Minter has been named as the first  
postmaster.

Congressman Littlepage today recom-  
mended Miss L. Bennett to be post-  
mistress of the fourth class office at  
Glen Morgan, Raleigh county.

Congressman Sutherland has been  
notified by the pension bureau that an  
increase in pension has been granted  
to Francis M. Cain, of Clarksburg, to  
\$18 a month.

Mrs. John B. Brannon and Mrs.  
Willa Stone, of Clarksburg, will ar-  
rive here the first of the week to  
spend some time with friends.

Dr. Dorothea Lee has returned to  
Huntington after a short business  
visit in Washington.

Mrs. J. C. Collins and children, who  
have been the guests of Dr. Collins's  
parents in this city, have returned to  
their home in Grant Town, accom-  
panied by Miss Jennie Collins, who  
will be their guest for several weeks.

Chalborne G. Porterfield, of Charles  
Town, W. Va., came to Washington  
this week and enlisted with the Dis-  
trict of Columbia National Guard, go-  
ing at once to the Fort-Myer camp.

While a large number of the officers  
of the medical corps and the medical  
reserve corps have been ordered to

proceed at once to Fort Sam Houston,  
Texas, and other points along the  
Mexican line, there is still great need  
of additional medical men to examine  
refugees from Mexico and to care for  
Mexican prisoners in event of hostil-  
ties. It has been announced here  
that examinations will be held in the  
principal cities of the country early  
in July for physicians and surgeons.  
Work has been started in Washington  
to determine just what doctors and  
surgeons in civilian life would be best  
fitted in time of war for active service.  
Similar work is to be done in all  
parts of the United States, in accord-  
ance with plans adopted by the pre-  
sidents of the following medical asso-  
ciations at a recent meeting: Ameri-  
can Medical Association, American  
Surgical Association, Congress of  
American Physicians and Surgeons,  
Clinical Congress of Surgeons of  
North America and the American Col-  
lege of Surgeons.

At present the great need is for ad-  
ditional medical men to examine refu-  
gees from Mexico. Typhus fever, small-  
pox and yellow fever are to be guard-  
ed against particularly, and it is feared  
these diseases may be carried  
either by refugees who will be landed  
at American ports or by Mexicans who  
may be brought across the border.

Washington was visited this week  
by over 2,000 pleasure seekers rep-  
resenting the customers and con-  
sumers of the Midland Grocery Com-  
pany of Ohio, on their twentieth an-  
nual excursion. The excursion is  
given annually at the expense of the  
company and the members compris-  
ing the party came via the Baltimore  
and Ohio railroad from Washington  
Court House, O. The party was pho-  
tographed on the steps of the east  
wing of the capitol while here, and  
spent the remainder of the time in  
sight seeing.

Powell-Maple Wedding.  
The Morning Tribune, East Liver-  
pool, O., has the following item:  
One of the prettiest of the many  
weddings of the month of June, was  
solemnized Wednesday at high noon  
at the home of Mr. and Mrs. Charles  
F. Maple, of Salineville, when their

CIVIL SUIT

Is Brought against the Chesa-  
peake and Ohio for Alleged  
Violations of Law.

(BY ASSOCIATED PRESS)

CHARLESTON, July 1.—A civil  
suit has been brought in the United  
States court here against the Chesa-  
peake and Ohio Railway Company to  
recover penalties to the United States  
government for alleged violations of  
the interstate commerce regulations  
with reference to the length of time  
train crews are permitted to work.  
The specific allegations made by  
District Attorney W. G. Barnhart are  
that the company permitted three  
different crews operating freight  
trains between Clifton Forge, Va.,  
and Hinton, to work more than six-  
teen hours out of a twenty-four hour  
day.
